

Freedom of Information Act Published on Trust Website – December 2013

FOI Number	Questions and Responses
FOI13 363	<p>Please provide the following information:</p> <p>1/ I understand that, Solent Services supplies and/ or arrange to supply all Goods and Services for St Marys Hospital, please correct me if I am wrong? Response – Solent Supplies Team manage all goods and services procurement for Isle of Wight NHS Trust</p> <p>2/Can you please arrange to provide details of all types of contracts and agreements for the supply of goods and services Response – Due to the volume of contracts available, Solent Supplies Team are unable to provide this level of information but opportunities are made available for suppliers either via the eTendering portal (Bravo) or the Official Journal of the European Union</p> <p>3/ Do Solent Supplies provide all the goods and services for Isle of Wight clinical practices etc on the Isle of Wight, please confirm and explain their role and responsibilities. For example, I understand Solent Supplies are NHS employees and provide shared services, please confirm and explain? Response – Solent Supplies Team also provides the procurement services for IOW CCG and NHS England (who manages the GP's and Pharmacies on the Island). Permanent staff within Solent Supplies Team are employed through a hosted arrangement via Portsmouth Hospitals NHS Trust. Solent Supplies Team provide the procurement (tendering and order processing) and supply chain functions, the payroll and invoicing payment arrangements are managed via an external contract with the Shared Business Service.</p> <p>4/ I request copies of all guidance and manuals used by NHS Isle of white for the supply of goods of services, that includes the following: a) Appropriate Central Government, Agency and organistions guidance manuals and rules codes of practice, codes of conduct used for the procurement of goods and services; b)All local or decentralised other public or private organisations or bodies guidance manuals , rules , codes of practice , codes of conduct , delegation letters, desk instructiona and delegation letters (note: the latter used to standard requirement recommended by the Audit Commission and National Audit Office for public organisations. Delegation letters are usually manadatory in</p>

HMG for them, inter alia, assist in the management of resources as they identify the roles and responsibilities of the appropriate stakeholders);c)Copies of all EU/EC procurement manuals and guidance used in the procurement of goods and services, now. For example Official Journal of European Commission

Response – Information on the procurement guidance from Solent Supplies Team is available at www.solentsuppliesteam.nhs.uk

Resource cost Information required covering the last 3 Financial years, by financial year 2010/2011, 2011/2012 and 2012/2013

5/ Detailed breakdown of direct staff costs, including numbers by grade/status by financial year

Response – This information is not held by the Isle of Wight NHS Trust.

6/Details of Training and qualification requirements for those staff involved in the procurement of goods and services.
Note: The Office of Government Commerce used to take the lead in this area, advising and conducting reviews of procurement practices of all Central government departments.

Response – Role Profiles for positions above a Band 4 require staff to be working towards or completion of their Chartered Institute of Purchasing.

7/Breakdown and numbers of staff by grade with professional and other recognised qualifications involved in the procurement of goods and services for St Mary's Hospital.

Note: This includes those with associate member or full member of Chartered Institute of Purchasing and Supply, Certificate Competence or similar.

Response – Over 70% of the staff involved in the Strategic Procurement activities at IOW NHS Trust are partially or fully qualified members of CIPS. The Supply Chain team are currently working towards CIPS level 3

8/Detailed breakdown of indirect staff by grade (or equivalent e.g. status) over the last 3 financial years.

Note: This includes outside consultants employed in the procurement process employed on ensuring procurement practices are followed, manuals and guidance to appropriate staff are updated, reviewed and maintained.

Response – Solent Supplies Team have not employed any external consultancy support over the past three years specifically in relation to their SLA with the Isle of Wight NHS Trust

9/A detailed breakdown of all the estimated, allocated and eventual costs associated with the procurement of good and services for St Mary's Hospital for each of the last 3 financial years.

Response – This information is exempt under s.43 of the Freedom of Information Act 2000.

Resource cost information required for the financial year 2013/2014

10/All the information requested above, but for this financial year, 2013/2014.

Response – See response to question 9/A

11/ A copy of NHS Isle of Wights business plan or similar,

Note: Tghe above should include budgets. We should be able to see how we are doing against our targets. If the 'Francis report' has placed extra burdens on St Mary's Hospital we need to identify, assess, recommend and decide the best way ahead in the light of our findings. Close down certain practices and or operations at the Hospital in favour of even more decentralising or, indeed centralising, of services at Southampton.

Response – Please see attached.

12/St Mary's Hospital is aiming to achieve Foundation Trust status in the financial year 2014/2015, has it drawn up and implemented new governance rules and regulations, in accordance with Department of Health requirements?

Response – I can confirm that the governance required for an FT will be implemented at the point we achieve Foundation Trust status

13/ Has NHS Isle of Wight draw up new protocols and propriety procedures for the procurement of goods and services, or at the very least reviewed the pre-April 2013 guidance, again correct me if I am wrong or wright and explain if this is not the case?

Response – Please see attached.

Please note that this response does not constitute as consent for direct marketing.

A copy of this response will be published on the Trust website.

FOI13 384

Please provide the following information:

I write to request the following recorded information pursuant to the FOIA relating to the period between 2008 – 2013 (both dates inclusive) (Relevant Period)

1a) What procedures or policies were in place during the Relevant Period to ensure that locum doctors took rest and meal breaks (and what was the process to convey and agree this with each locum doctor?)

1b) What procedures or policies were in place to track, record and verify each such rest and meal breaks?

2a) How did the Trust determine (i) whether it required a locum doctor “on-call” or not “on-call” and (ii) whether such “on-call” locum doctor would be required to be “residential on-call” or “non- residential on- call”?

2b) What procedures or policies were in place to track, record and verify when each locum on-call doctor was “called” into work?

3a) Please send me your policies and process(es) for the recruitment of locum doctors, including details of the process for approving (i) the use of certain locum doctor suppliers and (ii) the cost for the provision of such locum doctor.

3b) Please send me your policies and process(es) for approving and signing (i) booking confirmations for locum doctors and (ii) timescales for each locum doctor.

4a) Please send me details of the policies and process(es) that the Trust had in place during the Relevant Period to ensure the Trust’s compliance with the Framework Agreement.

4b) Please confirm the department or individual with responsibility (during the Relevant Period) to ensure compliance with the Framework Agreement. To the extent that you are not able by law to disclose the name of the responsible individual, please confirm that relevant department or job title of such individual.

5a) Please send me your policy and process(es) for (i) approving for payment invoices from your suppliers of locum doctors and (ii) verifying or reconciling such invoices against corresponding timesheets.

	<p>5b) Please provide a breakdown (by locum doctor supplier) of amount spent during the Relevant Period.</p> <p>6a) Please send me your policy and process(es) for auditing invoices for your locum doctor suppliers during the Relevant Period.</p> <p>6b) Please send me (i) documents pertaining to the approval for the appointment of any external financial or legal advisers who advised on invoices for the Relevant Period from your locum doctor suppliers (please include the relevant board minutes of the Trust) and (ii) any engagement letters/ terms and conditions with such advisers.</p> <p>Response – Having conducted a Public Interest Test the Trust has concluded that this information is exempt under s.31 (Law Enforcement) of the Freedom of Information Act 2000.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI13 401	<p>Please provide the following information: Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>1. Does your organisation currently use agency nurses and midwives in your organisation? Response – No, not at the present time</p> <p>2. Have you any plans in the next 12 months to: A) Stop the use of agency nurses in the future or Response – Our aim is to avoid using agency</p> <p>B) Reduce the use of agency nurses. If the answer to A or B is yes, please state reasons why. Reason – Not currently using agencies</p> <p>3. Are nursing staff permanently employed in your organisation permitted to undertake agency work that could</p>

	<p>involve agency shifts within your organisation? Response – No this would not be permitted</p> <p>Please provide the following information for the years 2010-11, 2011-12 and 2012-13 on an excel spreadsheet. Year (ie 2010-11) Please note for the years 2010-11 and 2011-12 you will need to contact the Department of Health at: reviewsandinformationteam@dh.gsi.gov.uk</p> <p>4. Total amount spent on nursing and midwifery staff, including agency and bank nurses and midwives Response – 2012/13 - £37,840k</p> <p>5. Total amount spent on agency nurses and midwives only Response – 2012/13 - £255k Agency used during this period was to support the Winter Pressures</p> <p>6. Total number of nursing and midwifery shifts filled by agency nurses for the given year Response – 2012/13 – Not able to provide this level of detail</p> <p>7. The highest hourly rate paid by your organisation for an agency nurse for one shift Response – £31.50ph</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI13 403	<p>Please provide the following information: Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p>

Can you please provide the following information regarding Agency Medical Locum Spend within the Trust for Locum Doctors

1. The amount spent by the trust on Agency medical locums for the period of

April 2013 – Current

April 2012 – April 2013 (financial year)

April 2011 – April 2012 (financial year)

Response –

April 2013 – Current - £1,460,994

April 2012 – April 2013 (financial year) - £2,983,178

2. A breakdown of this spend by each supplier (agency)

Response –

Please see attached 2 files.

3. Please can you Specify which framework your Trust signed up to for the provision of medical locums (GPS/HTE/LPP or other (please name)) for the above timeframe - years 2011- 2012, 2012 - 2013, 2013 – Current

Response – The Trust utilises the GPS framework for Medical Locums for the majority of its requirements.

4. Please can you break down the agency as :

· GPS/Buying Solutions Framework supplier and Off Framework supplier

· or if you currently use any other framework, please can you list these eg HTE or LPP and Off Framework supplier, please specify the date the Trust moved over to the named framework

Response – n/a The Trust uses the GPS framework for all significant usage.

5. Please can you identify any Sister agencies if the supplier was an Off Framework agency and Name the Framework arm the sister agency was affiliated with?

Definition of a sister company - A company which is owned by the same parent company or has the same director/s (ownership) as another company.

Response – Information not held

6. Please can you explain the reason why Off Framework or Sister Agencies were used?
Response – If there was any non GPS Framework agencies used it would only have been where the Trust was unable to find suitable candidate for particular role.
7. Please can the Trust detail how the introduction of the Sister agency was made, if your Trust predominantly uses/d the GPS/BS/HTE/LPP Framework?
Response – Information not held
8. Please can you detail any corporate entertainment/hospitality or gifts provided by the Medical Locum Agency to medical staffing or departmental decision maker/s or management team (procurement/finance) who are responsible for the selection of agencies/locums.
Does the Trust monitor the volume of work going through a particular agency to ensure that the locum booking decision maker/procurement team/finance dept hasn't been influenced by such activities?
Response – Every employee of the Trust has to provide annual Corporate Declarations both of any interest they have in the suppliers (or potential providers) and any hospitality must be declared. The Procurement Department also have to follow strict Codes of Ethics (as governed by the Chartered Institute of Purchasing) to ensure that all procurement decisions made are fair and transparent. The Procurement Department reviews regularly all significant non-pay spend to ensure that the suppliers being used are under formal contracts and market testing is conducted proactively and fairly.
9. Please can you list the agencies providing such corporate entertainment /hospitality or gifts, assuming there is a log/register?
Response – The Procurement Department is not aware of any hospitality being received by the Trust
10. Does the Trust monitor the agencies on their PSL are providing a VfM service and not taking the placements to their Off Framework arm or Sister Companies?
If so how is this reviewed and monitored?
Response – Procurement regularly benchmarks prices against the market to ensure that value for money is obtained. We have internal processes to ensure that the Trust approaches only those agencies which we have a formal relationship with and VfM is also ensured by monitoring the quality of service which is delivered to the Trust via quarterly key performance indicators.

11. Please can you detail how you select your Agency Suppliers?

a) Is this influenced by previous relationship with the supplier (including the addition of agencies who might be newly formed/off framework), or is there a fair selection process in place?

Response – Procurement does not give consideration to previous relationships unless there has been clear evidence that a supplier has fundamentally failed at delivering the expected level of service. As we do not have day to day contact with the agencies as HR departments often do, we work from an unbiased perspective. Decisions which influence our selection are based on the most economically advantageous solution available to us.

b) Does the trust have a guideline for procurement and selection of suppliers?

Response – Procurement has regular contact with the Trust’s HR professionals. This gives us an opportunity to monitor and discuss expectations. When selecting a long term procurement strategy the specification and evaluation criteria will govern how agencies are selected thus providing a solid instrument which will not be deviated from.

c) If a supplier is on the GPS/HTE/LPP framework, how can they make a case for them to be added to the suppliers list to start servicing your Trust?

Response – Suppliers may approach the Trust with an aim to be included. Our supplier base is reviewed at regular intervals to ensure that we are not operating in an out dated market and at these intervals; opportunities will arise for the inclusion of new suppliers so long as they can clearly demonstrate cost effectiveness and currently the Trust prefer to use national framework providers due to the increased contractual support and regular auditing.

d) What is the Trusts complaint or appeals procedure should a Supplier feel that they are not being given a fair chance to represent their agency to supply locums ?

Response – If a supplier feels that they have missed an opportunity then the framework under which they are supplying may have an applicable appeals process.

e) How does your Trust exclude bias and favouritism towards a certain supplier, given that naturally the locum booker/decision makers tend to prefer working with people they 'like' and 'get on with' or a particular organisation and reluctant to try new suppliers, who might be more cost effective or efficient, have a more robust compliance level than the current supplier/s?

Response – All Framework agencies are approached and a decision is made based upon the quality of the candidates CVs and not the agency.

f) Does your Trust review the quality of locum/s that are 'booked' against the candidates who were submitted by other suppliers but were rejected to ensure that the best candidate was offered the post, rather than selected because the candidate was from a particular agency or person?

Response – Each Department shortlist candidates based upon their CV and not the agency.

g) Does your Trust monitor or have a policy to ensure all CVs within a certain timeframe of a locum requirement being sent out to agencies are passed on to the decision maker and a fair selection process is in place rather than a policy of forwarding the 'favourite' agencies CVs once the candidate specification is met and screened for?

Response – All candidates are put forward for short-listing.

What Quality Assurance Measures does your Trust have in place to review the above two scenarios f & g?

Response – The Locum co-ordinators ensure that a robust process is followed.

h) Does your Trust review candidate files that were selected against the Trusts minimums standards for employing a doctor? How often does your Trust conduct internal audits on these candidate files to ensure compliance is as per contract (GPS/LPP or HTE)?

Response – Candidates are reviewed by a Consultant to ensure minimum standards of the role are met.

i) If an agency has a history of submitting files with poor compliance checks and deviating from best practice or the standards set out by the various frameworks what action/s does the Trust take against the agency? Is this consistent and are all suppliers treated the same irrespective of market dominance or size?

Response – If agencies were not complying with the Framework they would not be used. This is the same for any agency who is not complying.

f) If the Trust has an internal audit/QA process in place for compliance checks of candidates placed at the Trust, Please list your internal audit data for suppliers of medical locums since April 2012- Current

Response – N/A

12. How often does your Trust review it's PSL to ensure other Agencies (On the Trusts chosen Medical Locum Framework) have an opportunity to become a supplier?

	<p>Response – At present we generally aim to review our PSL annually.</p> <p>13. Please can you supply the name of :-</p> <ul style="list-style-type: none"> · The Procurement lead at your Trust · The person responsible for booking medical locums at your Trust, if this is done at departmental level, please can you supply the name/s per department/speciality and their email address <p>Response – Names of staff constitute personal data as defined within the Data Protection Act 1998 and this information is therefore exempt under s.40 (2) of the Freedom of Information Act 2000.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI13 440	<p>Please provide the following information:</p> <p>1. What is the annual (2012/2013 or most recent) total spend within your NHS Trust on Oral Nutrition? Response – £345 spent on enteral feeding products by the acute trust of which £238 were taken orally. This spend only relates to the Secondary Care Trust, where as the guidance given below including NIC would only be applicable to primary care.</p> <p>By Oral Nutrition we refer to Chapter 9, Section 4 and Section 9 of the British National Formulary and take this to include <i>Food for Special Diets, Enteral Nutrition as well as Food Preparations</i> such as nutritional shakes. By spend we mean the Net Ingredient Cost (NIC) of all Oral Nutrition given to patients.</p> <p>2. What is the annual (2012/2013 or most recent) total spend within your NHS Trust on Vitamin supplements? Response – see attached report. Most of these are within intravenous preparations for treating emergencies. Please confirm if they were directing this request to primary care.</p> <p>By Vitamin Supplements we refer to Chapter 9, Section 6 of the British National Formulary.</p> <p>3. What is the annual (2012/2013 or most recent) total spend within your NHS Trust on Mineral supplements? Response: see attached report, most of these issues will be for intravenous use in parenteral nutrition and in emergency use.</p>

It would seem that the request may have been more applicable to Primary Care – not sure if this was intended for us as a Secondary Care Trust

By Mineral Supplements we refer to Chapter 9, Section 5 of the British National Formulary.

Please note that this response does not constitute as consent for direct marketing.

A copy of this response will be published on the Trust website.

FOI13 453

Please provide the following information:

Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.

1. What statistics have been made of the survival rate of patients who have been returned to the ward again?
Verbal clarity provided by applicant– for the last 5 years and from ITU.

Response –

The number of patients who returned to a ward from ITU, split by Admissions Financial Year and Final Discharge Method

Admission Financial Year	Discharge Method		Grand	% of Deaths
	Patient Died	Other	Total	
2012/13	19	181	200	10%
2013/14 (Apr - Oct)	14	83	97	14%
Grand Total	33	264	297	11%

Please note that this response does not constitute as consent for direct marketing.

	<p>A copy of this response will be published on the Trust website.</p>
<p>FOI13 456</p>	<p>Please provide the following information: OUTPATIENT HYSTEROSCOPY/BIOPSY – PAIN CONTROL AND PATIENT CHOICE</p> <p>1. The current patient information leaflet Response – Please find our leaflet attached.</p> <p>2. The current consent form Response – Consent is verbal.</p> <p>3. The current surgical protocol Response – I am not sure what this means. We do not have a description/instruction of how it should be done since all operators are fully trained and post CCT. There is a description of the process in the patient leaflet. Sterile instruments are used.</p> <p>4. Does the leaflet advise the patient to ask her GP to prescribe gynae-specific painkillers to be taken BEFORE the procedure - Y/N? Response – No.</p> <p>5. What type and dose of painkillers does your Trust advise patients to take before the procedure? Response – We advise in the leaflet for the patient to take an “Aspirin like drug (Ibuprofen/Aspirin) and Paracetamol 2 hours before you come to clinic” provided they are not allergic.</p> <p>6. Are ALL your hysteroscopy/biopsy patients given the following choices BEFORE the procedure is attempted: a) General Anaesthesia – Y/N? No b) spinal anaesthesia – Y/N? No c) conscious sedation – Y/N? No Response – a) General Anaesthesia –No b) spinal anaesthesia –No c) conscious sedation –No</p>

7. For each of the last 3 financial years, how many of your hysteroscopy/biopsy patients had
a) GA with overnight stay?
b) GA day-case ?
c) spinal anaesthesia?
d) conscious sedation?
e) local anaesthetic? **Not recorded, routine is to not use local anaesthetic so very few.**
f) no anaesthetic? Almost all outpatient hysteroscopies are done without local anaesthetic.

Response –

Procedure Type	2010/1 1	2011/1 2	2012/1 3
Inpatient - GA Daycase	43	37	29
Inpatient - GA Overnight Stay	9	12	11
Outpatient Procedure	424	417	354
Total	476	466	394

8. What width hysteroscopes do you use? Rigid or flexible?

Response – Versascope therefore rigid 3.5 mm with an angle expanding up to 5.5 depending on the instruments inserted

9. For each of the last 3 financial years what % patients DNA outpatient hysteroscopy/biopsy?

Response – Unable to answer since patients are not coded as hysteroscopies before they attend but once they attend.

10. For each of the last 3 financial years what % OP hysteroscopy/biopsy patients had a failed procedure that had to be repeated with epidural, GA or conscious sedation?

Response – 4%

11. All audits of adverse events, e.g. infection, perforation during the last 3 financial years

Response – We have not audited complications because there has not been a significant number. We have not had any uterine perforations in the outpatient setting. I am aware of 2 infections in the last 3 years.

	<p>12. All surveys of patients' experiences during the last 3 financial years Response – We have not done one but will now.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI13 463	<p>Please provide the following information: Please provide information for the financial year 2012/2013 and the current financial year.</p> <p>1. How many of the trust's staff work at management and executive level (including, but not limited to: executives, managers and administrators)? Response – 2012 – 51 Headcount 2013 – 55 Headcount</p> <p>2. How many of the trust's staff work in front-line healthcare (including, but not limited to: doctors, midwives, nurses and healthcare assistants)? Response – 2012 – 2132 Headcount 2013 – 2064 Headcount</p> <p>3. How many people does the trust employ in total? Response – 2012 – 3179 Headcount 2013 – 3104 Headcount</p> <p>4. What percentage of the trust's staff: a) work at management level? b) work in front-line healthcare? Response – 2012 – a)1.60% b)67.06%</p>

	<p style="text-align: center;">2013 – a)1.77% b)66.49%</p> <p>5. What is the total wage bill for the trust's staff working at management level? Response – Please see attached summary of pay bill from year-end 2012/13 monitoring returns.</p> <p>6. What is the total wage bill for the trust's staff working in healthcare? Response – Please see attached summary of pay bill from year-end 2012/13 monitoring returns.</p> <p>7. What is the trust's total wage bill? Response – £116,936k</p> <p>To be clear, management and executive staff should be defined as anyone working in a corporate or administrative role.</p> <p>Front-line healthcare staff should be defined as anyone working in a clinical or medical role.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI13 464	<p>Please provide the following information:</p> <ol style="list-style-type: none"> 1) The total amount of money spent by the Trust on all cancer treatment services for the financial year 2011-2012 and 2012-2013 (if the time limit allows for this then please break the results down by different cancer types). Response – The Trust does not hold this information. 2) The average amount of money spent by the Trust on cancer treatment services per patient for the financial

year 2011-2012 and 2012-2013.

Response – The Trust does not hold this information.

3) The number of patients admitted to the Trust for cancer treatment services for the period of the financial year 2011-2012 and 2012-2013.

Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.

Response – 2147 admissions with primary cancer diagnoses (malignant & benign neoplasms) during 2012/13. See table below.

Primary Diagnosis 3 Char Code	Primary Diagnosis 3 Char Desc	Total

FOI13 479	<p>Please provide the following information:</p> <p>1) Is ocriplasmin routinely available for prescription to eligible patients following the publication of the guidance on 23rd October 2013?</p> <p>If not, why not? Response – No, In the process of setting up the service, new to the IOW</p> <p>2) Has ocriplasmin been incorporated into your local formulary?</p> <p>a) If not, why not?</p> <p>b) If not, by which date are you expecting to incorporate ocriplasmin into your formulary?</p>

Response - Yes, ready for use

- 3) Following Sir David Nicholson's letter to NHS Chief Executives in August 2012 confirming the 1st April 2013 deadline for the introduction of the NHS Compliance Regime for Technology Appraisals, are you planning to publish information on whether the technology guidance for ocriplasmin has been adopted onto the local formulary?

If so, when are you planning to publish it?

Response – YES – available on the Trust website

- 4) Has your organisation informed ophthalmologists, and other relevant clinicians, in your area, about the new NICE guidance on ocriplasmin?

b) If not, why not?

Response – Yes

Please note that this response does not constitute as consent for direct marketing.

A copy of this response will be published on the Trust website.

FOI13 481

Please provide the following information:

1. In your Trust please supply the number of patients currently (or within the last six months) being treated with the following treatments for certain diseases:

If possible, please supply the data using the following table;

Response –

CONDITION	Somatotropin	Epoetin Alpha	Epoetin Zefa
Growth failure in children	0	0	0

Growth hormone deficiencies in adults	0	0	0
Chronic renal failure	0	0	0
Anaemia	0	0	0

If you are unable to split by patient type, please supply total patients, again using the table below for convenience:

Response –

Treatment	Total Patients
Somatotropin	2 (off license)
Epoetin Alpha	
Epoetin Zefa	

2. In your trust, please supply the number of patients currently receiving autoimmune rejection therapy

Response –

We are not a specialist Trust and do not treat autoimmune rejection patients

Please note that this response does not constitute as consent for direct marketing.

A copy of this response will be published on the Trust website.

FOI13 482

Please provide the following information:

1. In the last 12 months, how many late stage dementia patients have had PEG feeding tubes inserted?

Response – 0

2. In how many cases has this subsequently allowed a discharge to a nursing home?

Response – 0

3. In how many cases has discharge to a nursing home been conditional on having a PEG feeding tube

	<p>inserted? Response – 0</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>															
FOI13 486	<p>Please provide the following information: Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p><u>a) MARGINAL TARIFFS</u></p> <p>Since the introduction of the marginal tariff rate in 2010/11, please can you provide the following information. Please break the information down into each of the following financial years: - 2010/11, 2011/12, 2012/13 and 2013/14-to date</p> <p>1. What is the volume of emergency admissions (number of patients) the marginal tariff applied to? <i>NB. If you cannot provide an entirely accurate figure, please provide the nearest estimation.</i></p> <p>Response – See table below</p> <table border="1"> <thead> <tr> <th>Question</th> <th>2012/13</th> <th>2013/14 @ M7</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>325</td> <td>0</td> </tr> <tr> <td>2</td> <td>£23,208,613</td> <td>£22,698,701</td> </tr> <tr> <td>3</td> <td>£202,351</td> <td>0</td> </tr> <tr> <td>4</td> <td>£674,503</td> <td>0</td> </tr> </tbody> </table>	Question	2012/13	2013/14 @ M7	1	325	0	2	£23,208,613	£22,698,701	3	£202,351	0	4	£674,503	0
Question	2012/13	2013/14 @ M7														
1	325	0														
2	£23,208,613	£22,698,701														
3	£202,351	0														
4	£674,503	0														

2. What is the baseline value for income from emergency admissions for the Trust?

Response – See table above

3. What is the actual amount paid to the Trust for treating emergency admissions above this baseline value?

Response – See table above

4. What is the value of those emergency admissions if they had been paid at the full tariff?

Response – See table above

b) BLOCK CONTRACTS

1. If the Trust has block contracts for A&E care with Clinical Commissioning Groups or the previous PCTs, what are the annual payments for each block contract for each of the following financial years 2010/11, 2011/12, 2012/13 and 2013/14 – to date?

Response – N/A

2. If the Trust has block contracts for A&E care with Clinical Commissioning Groups or the previous PCTs, what are the annual costs of treating A&E patients from those areas for each of the following financial years 2010/11, 2011/12, 2012/13 and 2013/14 – to date?

Response – N/A

3. If the Trust has block contracts for A&E care with Clinical Commissioning Groups or the previous PCTs, what is the value of the lost income directly related to each block contract?

Response – N/A

Please note that this response does not constitute as consent for direct marketing.

A copy of this response will be published on the Trust website.

FOI13 487

Please provide the following information:

	<p>1. Does Isle of Wight NHS Trust make use of any non-relational / NoSQL database technologies such as MongoDB, Cassandra, RIAK, Hadoop or any proprietary non-relational technologies if so which ones? Response – No</p> <p>2. For what purpose are Isle of Wight NHS Trust using these technologies? Response – N/A</p> <p>3. Is the use of these as part of an agreed IT Strategy to use NoSQL technologies in place of traditional relational database solutions? Response – N/A</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI13 489	<p>Please provide the following information:</p> <p>Do you have a dermatology department? If no, this FOI does not apply to your organisation. If yes, please read below. Response – YES</p> <p>How many dermatology departments does your organisation have? Response – 1</p> <p>For each dermatology department in your jurisdiction please could you answer the following questions.</p> <p>Regarding post-operative instructions for patients undergoing skin surgery in your dermatology department:</p> <p>1. Do you have any postoperative patient information leaflets? If yes, how many? Response – 1 – Post operative letter only.</p> <p>2. If you answered yes to the above, please would you send all the current postoperative leaflets by e-mail? Response – Yes</p>

	<p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI13 495	<p>Please provide the following information:</p> <p>1. The budget assigned or spent by the Isle of Wight Ambulance Service towards the use of private ambulance services for the years 2011/12 & 2013/14 and budget allocation for 2014/2015</p> <p>Response – There has been no expenditure on private Ambulance services by the Isle of Wight Ambulance service in the years 2011/12 & 2013/14</p> <p>There is no budget assigned to use Private Ambulance services on the Isle of Wight for the year 2014/15. If we were to use them on a rare occasion of repatriation this would be financed by a cost pressure within the budgetary system.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI13 498	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. Health.

1) How many doctors were on shift (and in the hospital) on the following days at 3pm?

Please break down by title and department where possible (Consultant, FY2 etc)

-Wednesday 4th December 2013

-Saturday 7th December 2013

-Sunday 8th December 2013

Response – please see spreadsheet attached

Please note: 3pm is effectively an arbitrary time, because “Wednesday” etc is vague (as there’ll be different amounts of doctors at different times of the day) if it’s easier for you to provide data for a different time of day at noon or 5pm etc please do so).

Please note:

Some department’s figures are not essential.

-A&E

-Maternity

-Intensive Care

If they are too costly to include in compiling please omit all of the above. It’s been my experience from the test FOI sampling that these departments have their own rotas and staffing in some hospitals. I am most concerned with the standard wards and departments, urology, geriatrics etc.

2) How many doctors were “on call” on the following days at 3pm?

Please break down by title and department where possible (Consultant, FY2 etc)

-Wednesday 4th December 2013

-Saturday 7th December 2013

-Sunday 8th December 2013

Response – please see spreadsheet attached

Please note that this response does not constitute as consent for direct marketing.

	<p>A copy of this response will be published on the Trust website.</p>
FOI13 503	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>1) On how many days in 2013 did your staffing (Doctors only) fall below standard or recommended levels, for any period. If possible, please state the date, department(s), duration and a summary reason for each day with a staff shortage.</p> <p>Response – Information not held</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI13 504	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>1. In 2012/13...</p> <p>a. How many cremations of fetal remains, where there is fetal tissue present, from terminations, miscarriages or stillbirths were arranged by the Trust? (Please provide a breakdown showing how many of these cremations were individual cremations, and how many were group cremations, including the size of each group.)</p> <p>Response- 246 remains were handled by the Trust. Not all remains have fetal tissue positively identified but all remains are treated the same to avoid inappropriate incineration.</p>

225 as group cremations of various size occurring twice a year

13 burials

8 returned to families to make arrangements

b. What was the total cost of the cremations?

Response-

Service provided by local funeral directors at no cost to the Trust.

c. How many sets of ashes arising from these cremations were returned to families?

Response-

No ashes returned, remains have been returned for families to make their own arrangements

d. For those sets of ashes not returned to families, how many sets of ashes were buried by/for/at the behest of the Trust? (Please describe where the ashes were buried, including location of plots/sites, the numbers of ashes buried in each plot during the year, and the total number of ashes currently known to be buried in each plot.)

Response- Buried at Newport Crematorium grounds

e. For those sets of ashes not returned to families, how many were scattered by/for/at the behest of the Trust? (Please describe where they were scattered, including location of sites, the numbers of remains scattered at each site during the year, and the total number of remains currently known to be scattered at each site.)

Response- None

f. For those sets of ashes not returned to families, how many were disposed of as waste by/for/at the behest of the Trust? (Please describe where/how they were disposed, the numbers of sets of ashes disposed of at each site during the year, and the total number of sets of ashes currently known to be disposed at each site.)

Response- None

2. Please provide the same information for the questions above for the year 2011/12.

a. How many cremations of fetal remains, where there is fetal tissue present, from terminations, miscarriages or stillbirths were arranged by the Trust? (Please provide a breakdown showing how many of these cremations were individual cremations, and how many were group cremations, including the size of each group.)

Response-

305 remains were handled by the Trust. Not all remains have fetal tissue positively identified but all remains are treated the same to avoid inappropriate incineration.

286 as group cremations of various size occurring twice a year

110 burials

9 returned to families to make arrangements

b. What was the total cost of the cremations?

Response-

Service provided by local funeral directors at no cost to the Trust.

c. How many sets of ashes arising from these cremations were returned to families?

Response-

No ashes returned, remains have been returned for families to make their own arrangements

d. For those sets of ashes not returned to families, how many sets of ashes were buried by/for/at the behest of the Trust? (Please describe where the ashes were buried, including location of plots/sites, the numbers of ashes buried in each plot during the year, and the total number of ashes currently known to be buried in each plot.)

Response- Buried at Newport Crematorium grounds

e. For those sets of ashes not returned to families, how many were scattered by/for/at the behest of the Trust? (Please describe where they were scattered, including location of sites, the numbers of remains scattered at each site during the year, and the total number of remains currently known to be scattered at each site.)

Response- None

f. For those sets of ashes not returned to families, how many were disposed of as waste by/for/at the behest of the Trust? (Please describe where/how they were disposed, the numbers of sets of ashes disposed of at each site during the year, and the total number of sets of ashes currently known to be disposed at each site.)

Response- None

Health.

PRIVATE AMBULANCES

- *How many private ambulance firms has the trust used in the last 6 months (between July and December 2013)*

Response – none

- *....And how many in same period in 2010 and in 2008?*

Response – not within data range

- *How many journeys did private ambulances do in that time period?*

Response – n/a

- *....And how many in same period in 2010 and in 2008?*

Response – n/a

- *When did the trust start using private ambulance firms and why?*

Response – used them back in 2002 for 3 months to cover mainland journies but proved non cost effective

- *Which private ambulance firms has the trust used/ intends to use?*

Response – none within date range

- *How much money is the trust spending on private ambulance providers this year?*

Response – none

- *.....how much was spent in 2010 and in 2008?*

Response – n/a

- *On how many occasions did a private ambulance get lost in the last 6 months (and same for same period in 2010 and 2008)?*

Response – n/a

- *...and same for trust-owned ambulances.*

Response –

- *Could you please list all of the ways the ambulance control room can communicate with the private ambulances the trust uses*

Response – n/a

- *How do trust ambulances communicate with base? (What onboard comms systems do they have?)*

Response –

n/a

- *Has the trust ever had any complaints about journeys involving private ambulances?*

Response – none

- *....If so, how many, what were the nature of the complaints, how many were acted on, what were the outcomes?*

Response – n/a

RECRUITMENT

- *How many NHS paramedics do you need to recruit over the next 12 months (from Dec 2013)?*

Response – between 1-4 wte

- *How many did you recruit in 2013, 2010 and 2008?*

Response – 4 wte 2013 other data n/a

- *How many Community First Responders attended an emergency call in 2013? And in 2010 and 2008?*

Response – year 2013 to date 453 calls attended by co & first responders other data n/a

- *How many paramedics were off work with a stress-related condition in 2013, and in 2010 and 2008?*

Response – none 2013 other data n/a

TYPE OF CALLS

- *The number of 111 calls you received per month this year (since 111 was introduced)*

Response –

April 12 = 4193

May 12 = 4005
June 12 = 4200
July 12 = 3904
Aug 12 = 3865
Sept 12 = 3470
Oct 12 = 3498
Nov 12 = 3520
Dec 12 = 5025
Jan 13 = 4005
Feb 13 = 3859
Mar 13 = 5200
April 13 = 4527
May 13 = 4817
June 13 = 4399
July 13 = 4642
Aug 13 = 5141
Sept 13 = 4094
Oct 13 = 4483
Nov 13 = 4475
Dec 13 = 5272

- The number of those calls each month that resulted in an ambulance being deployed

Response –

	<p>I would be most grateful if you would provide me, under the Freedom of Information Act, details in respect of any current framework agreement(s)/contract(s) that relate to washroom hygiene services or mat rental services within the Trust:</p> <ul style="list-style-type: none"> • Suppliers who applied for inclusion on each framework/contract and were successful & not successful at the PQQ & ITT stages.* • Contract values of each framework/contract (& any sub lots), year to date • Start date & duration of framework • Is there an extension clause in the framework(s)/contract(s) and, if so, the duration of the extension? • Has a decision been made yet on whether the framework(s)/contract(s) are being either extended or renewed? <p>Response –</p> <ul style="list-style-type: none"> • No contract in place • No contract in place. • No contract in place. • No contract in place. • No contract in place. <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI14 009	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <ol style="list-style-type: none"> 1. How many times did your trust arrange admission for your patients (under 18s) to inpatient tier 4 Child and Adolescent Mental Health Services (CAMHS) in 2011/12, 2012/13 and 2013/14 (so far)?

Response:

In 2012/2013 – 2

In 2013/2014 - 5

2. Of these CAMHS tier 4 inpatient admissions, how many were made at local services run by your trust and how many did you arrange to have treated at out-of-area services? Please breakdown the answer by financial years 2011/12, 2012/13 and 2013/14 (so far).

Response:

In 2012/2013 – 2 to out of area services.

In 2013/2014 – 5 to out of area services.

3. Please list the names of the out-of-area tier 4 inpatient CAMHS units you arranged admissions for your patients to for each of the above years.

Response:

Great Ormond Street Hospital.

The Cygnet Hospital

NHS Adolescent Unit at Leigh House

4. How many people under-18 were admitted to adult psychiatric wards at your trust in 2011/12, 2012/13 and 2013/14 (so far?). Of these, how many were under-16?

Response:

In 2012/13 – Under 18 – 1.

Under 16 - 0

In 2013/14 – 0
