A copy of this response will be published on the Trust website.

FOI14 222

Please provide the following information:

Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.

Q1 – Are you currently publishing data as to whether you are meeting (on a ward by ward basis) your safe staffing requirements for nursing care?

- (i) If “yes” please indicate where this data can be found and when you started publishing.
- (ii) If “no” please indicate a date when this information will be published and where that information can be found once it is available.

Response- Yes via Trust Website

Q2 – Please complete the following table as much as you are able. Please note; if you structure your shifts differently and feel you need to present your data more accurately outside of this table please do so. For example, if you do not

have an early / late / overnight shift pattern please simply modify the table to the system you use for the 24 hour period(s) in question.

	Colwell* ward Weds 28 th May	Colwell* ward Sun 1 st June	Stroke and Neuro Rehab Unit* Weds 28 th May	Stroke and Neuro Rehab Unit* Sun 1 st June
Total available beds	28	28	26	26
Total bed utilisation**	100%	96%	96%	100%
Total RNs PLANNED on am or early shift	3	3	4	4
Total RNs PLANNED on pm or late shift	3	3	3	3
Total RNs PLANNED on overnight shift	2	2	2	2
Total Health Care Assistants PLANNED on am or	5	5	4	4

early shift				
Total Health Care Assistants PLANNED on pm or late shift	3	2	3	3
Total Health Care Assistants PLANNED on overnight shift	2	2	2	2

**please note; I am interested in data for wards looking after stroke patients, general medical wards (without specialities) and wards that care for the elderly. Please indicate if there are other wards in the hospital which would fit this criteria by listing them here;*

***please note; bed utilisation will of course vary over the 24 hour period. Please simply give the most accurate response to this question. And qualify the number expressed if necessary.*

Q3 – Are you currently using a Safe Staffing Toolkit to determine the correct skill mix / ratios for safe nursing care on the above wards and the hospital in general?

- (i) If “yes” please indicate which one (Such as Safer Nursing Care Tool or NHPPD etc) are used on which ward(s).
- (ii) If “yes” please indicate what the toolkit suggests is the RN to Healthcare Assistant ratio (skill mix) for the above wards (as indicated in question 2).
- (iii) If “yes” please indicate what the toolkit suggests is the RN to patient ratio for the above wards (as indicated in question 2).
- (iv) If “no” please indicate if you plan to use one of these tool(s) in the future and from when.

Response- At present the Safer Staffing toolkit does not do this. This is currently being reviewed and we are working with the relevant teams to ensure that the new toolkit does include this required information.

Please note that this response does not constitute as consent for direct marketing.

<p>FOI14 224</p>	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>Under the Freedom of Information Act, I would appreciate it if you could provide details of complaints made by patients to your ambulance service in 2014, so far. More specifically, the information I require is as follows:</p> <p>1a) For each complaint, the date of the incident, the location, a summary of the complaint and a copy of any internal investigation report that was produced in relation to it. If any action was taken, such as staff disciplined, please provide this information. Please also provide the age and gender of the complainant.</p> <p>b) Same for 2013 c) Same for 2012</p> <p>Response – Information provided only from 1 April 2012 as per note above.</p> <p>Please see attached spreadsheet for details.</p> <p>We are unable to provide the date of the actual incident as it is not logged, we would have to review the patient’s personal letter to obtain this and this would constitute personal data as defined within the Data Protection Act 1998 and is therefore exempt under s.40 (2) of the Freedom of Information Act 2000. We have, therefore, provided the date the complaint was received by the organisation.</p> <p>We are unable to provide the exact address where the incident occurred as it is not logged. We would have to review the patient’s personal letter to obtain this (as above). We have therefore provided the location</p>

	<p>exact which indicates a general location.</p> <p>We are unable to provide reports of investigations, as these contain personal identifiable information and are personal to the complainant and/or patient and is therefore exempt under s.40 (2) of the Freedom of Information Act 2000.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI14 230	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>I would like to know the following broken down by hospital and by the area of hospital work that each person is employed in:</p> <ol style="list-style-type: none"> 1. The number of agency staff that were employed between June 2013 and June 2014 and what percentage these staff make up of the entire hospital staff. 2. The number of these staff that are considered as being full time equivalent workers. 3. The average amount that agency staff are paid per shift and the average length of a shift. I would like this information for each calendar year from 2010 to 2014. 4. The most that an agency worker has been paid for a single shift and the duration of that shift. I would like this information for each calendar year from 2010 to 2014. <p>Response - To respond to the above questions would exceed the 18 hour time limit set out in the Freedom of Information Act 2000.</p>

	<p>5. The number of foreign nationals that were employed between June 2013 and June 2014 and what percentage these staff make up of the entire hospital staff. Response - The number of foreign nationals employed by the organisation is 230 which makes up 7.43% of the total workforce.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI14 232	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>Under the Freedom of Information act 2000 I am writing to formally request the following information:-</p> <ol style="list-style-type: none"> 1. Total amount the Trust spent on agency locum doctors 2013/2014 (April – March) 2. For this information to be broken down by speciality and grade. <p>Although our name is A&E Agency we cover all specialties.</p> <p>Response- Please see attached Excel spreadsheet.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI14 233	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p>

I would like to request the following information in relation to healthcare assistants (HCAs) working for the NHS.

1. Details of all complaints made against HCAs since January 1, 2010. More specifically:

a) The total number of complains made against HCAs for each calendar year since January 2010

Response-

Complainants do not always identify the grade/role of the member of staff when making a complaint. Of those where this is clearly evident and the information held:-

2012 = 1 formal complaint specifically linked to HCAs

2013 = 0

2014 (to date) = 0

b) For each case, the date of the complaint made, a brief description of the allegations, whether there was a case to answer, whether the complaint was upheld and details of any subsequent action taken (including, but not restricted to written warning, verbal warning, restricted duties, sacked, suspended etc)

Response-

The complaint related to the attitude of three staff members in green uniforms (Indicating HCA's). The allegation was that their attitude to the patient was less than optimal and discriminating.

This complaint was well-founded (upheld)

Action taken – the Ward Sister shared the complaint with the whole team and discussed her expectations regarding attitude, dignity and respect to all patients. Reminded all staff of Trust's '**Lets Show We Care**' initiative which outlines the standard of care that should be met for each patient.

c) How many HCAs have faced misconduct hearings since January 1, 2101? For each case, please provide a breakdown of the nature of the misconduct hearing, and the outcome.

	<p>Response- This would involve a manual examination of personnel records which constitutes personal data as defined within the Data Protection Act 1998 and is therefore exempt under s.40(2) of the Freedom of Information Act 2000.</p> <p>2. Details of DBS/CRB checks carried out on healthcare assistants since January 1, 2010. More specifically:</p> <p>a) How many healthcare assistants began their employment with the trust, without a relevant DBS/CRB check being completed? Response- None.</p> <p>b) For each case, please state the date, and how long the HCA worked at the trust before the relevant DBS/CRB check was completed Response- This would involve a manual examination of personnel records which constitutes personal data as defined within the Data Protection Act 1998 and is therefore exempt under s.40(2) of the Freedom of Information Act 2000.</p> <p>c) Please disclose how many HCAs were found to have a previous caution or conviction during their employment with the trust Response- As above.</p> <p>d) For each case listed in 2c) please describe the previous caution or conviction discovered and the subsequent action taken against them Response- As above.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI14 236	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p>

1) Please confirm or deny if there is a mandatory requirement for patients referred to the Trust for suspected age related hearing loss to be seen as general outpatients prior to being referred to audiology services. **Response – No mandatory requirement to be seen in general outpatients prior to audiology. Patients are referred directly to the audiology department, which is provided on the Isle of Wight by Portsmouth Hospitals Trust**

2) Please supply details of the defined pathway for a patient referred for suspected age related hearing loss. **Response - Not provided by the Isle of Wight NHS Trust – information would need to come from Portsmouth Hospitals Trust as the provider for Audiology services for the Isle of Wight Population**

3) Please list the total number of

- (a) new adult hearing devices fitted by the Trust in the 2014-15 year to date and each of the last two financial years
- (b) replacement adult hearing devices fitted by the Trust in the 2014-15 year to date and each of the last two financial years
- (c) patients who have been assessed and fitted for a hearing device on the same day in the 2014-15 year to date and each of the last two financial years and
- (d) after-care appointments carried out by the Trust in the 2014-15 year to date and each of the last two financial years.

Response - Not provided by the Isle of Wight NHS Trust – information would need to come from Portsmouth Hospitals Trust as the provider for Audiology services for the Isle of Wight Population

4) Please list the total number of binaural adult hearing devices fitted by the Trust in the 2014-15 year to date and each of the last two financial years.

Response - Not provided by the Isle of Wight NHS Trust – information would need to come from Portsmouth Hospitals Trust as the provider for Audiology services for the Isle of Wight Population

5) Please list the makes and models of hearing aids currently fitted by the Trust.

Response - Not provided by the Isle of Wight NHS Trust – information would need to come from Portsmouth Hospitals Trust as the provider for Audiology services for the Isle of Wight Population

6) Please supply the number of staff who carried out hearing aid fittings in the last financial year, broken down by Agenda for Change staffing grade.

Response - Not provided by the Isle of Wight NHS Trust – information would need to come from Portsmouth Hospitals Trust as the provider for Audiology services for the Isle of Wight Population

7) Please supply details of the price (tariff) paid by the Local Clinical Commissioning Group for each

- (a) a hearing assessment
- (b) a monaural hearing aid fitting
- (c) a binaural hearing aid fitting and
- (d) after-care visits.

Response - Not provided by the Isle of Wight NHS Trust – information would need to come from Portsmouth Hospitals Trust as the provider for Audiology services for the Isle of Wight Population

8) Please confirm or deny whether the Trust applies a market forces factor charge to this price.

Response - Not provided by the Isle of Wight NHS Trust – information would need to come from Portsmouth Hospitals Trust as the provider for Audiology services for the Isle of Wight Population

9) Please supply details of the market forces factor charge that is added to the price.

Response - Not provided by the Isle of Wight NHS Trust – information would need to come from Portsmouth Hospitals Trust as the provider for Audiology services for the Isle of Wight Population

10) Please confirm or deny if the Trust collects data on any of the following outcomes achieved for people attending adult hearing services

- (a) patient experience
- (b) patient satisfaction
- (c) referral to treatment time
- (d) patient choice
- (e) personalised care
- (f) other (please specify)

Response - Not provided by the Isle of Wight NHS Trust – information would need to come from Portsmouth Hospitals Trust as the provider for Audiology services for the Isle of Wight Population

11) Please supply details of the outcomes achieved for people attending adult hearing services provided by the Trust.

	<p>Response - Not provided by the Isle of Wight NHS Trust – information would need to come from Portsmouth Hospitals Trust as the provider for Audiology services for the Isle of Wight Population</p> <p>12) Please confirm or deny if the Trust currently subcontracts for any audiology services to any other providers. Response - Not subcontracted – directly commissioned from Portsmouth Hospitals Trust</p> <p>13) Please list all providers that the Trust holds subcontracts with to provide audiology services. Response - N/a</p> <p>14) Please list all of the locations where your trust holds NHS Adult Hearing Clinics from (including community locations). Response - Not provided by the Isle of Wight NHS Trust – information would need to come from Portsmouth Hospitals Trust as the provider for Audiology services for the Isle of Wight Population</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI14 239	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>1. Does the Trust provide 24 hour fully staffed acute stroke diagnostic and treatment 7 days a week, 5 days a week, or other (please explain)? Response- This information is exempt under s.21 as it is readily available via this website: www.rcplondon.ac.uk/ssnap</p> <p>2. Does the Trust provide 24 hour routine access to scanning facilities for suspected stroke patients 7 days a week, 5</p>

days a week, or other (please explain)?

Response- Please see response to question 1.

3. In 2013, what proportion of patients suspected of having a stroke received diagnostic scans (CT scans) within the first hour of having their stroke, as per NICE Clinical Guideline 68?

Response- Please see response to question 1.

4. In 2013, what proportion of patients suspected of having a stroke received diagnostic scans (CT scans) within the first 24 hours of having their stroke?

Response- Please see response to question 1.

5. Does the Trust provide 24 hour routine access to intravenous thrombolysis for stroke patients 7 days a week, 5 days a week or other (please explain)?

Response- Please see response to question 1.

6. In 2013, what proportion of patients confirmed as having a stroke received intravenous thrombolysis within the first three hours of having their stroke, as per NICE Clinical Guideline 68?

Response- Please see response to question 1.

7. Does the Trust record patient outcomes on discharge, based on the Modified Rankin Score?

Response- Please see response to question 1.

8. If the answer to question 7 was Yes, what was the score in 2013?

Response- Please see response to question 1.

9. In 2013, what proportion of patients were admitted to a specialist stroke unit within 4 hours of arriving in hospital?

Response- Please see response to question 1.

10. In 2013, what proportion of stroke patients spent at least 90% of their time in hospital in a stroke unit?

Response- Please see response to question 1.

11. Does the Trust provide ward rounds by specialist stroke physicians 7 days per week or the standard 5 days per

	<p>week? Response- Please see response to question 1.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI14 241	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>Do you charge patients for wi-fi access and if so, how much for how long? Response – There is no Wi-fi access for patients.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI14 242	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>Prior to 26.6.2014, what procedures did the Trust have in place to CRB check (or similar) visitors to its sites sanctioned by those sites. i.e.'celebrity' visitors to wards. Response - The Criminal Records Bureau (CRB) and the Independent Safeguarding Authority (ISA) have merged into the Disclosure and Barring Service (DBS). CRB checks are now called DBS checks. Jobs that involve caring for, supervising or being in sole charge of children or adults require an enhanced DBS check</p>

	<p>(previously called an enhanced CRB check). This includes checking whether someone is included in the 2 DBS 'barred lists' (previously called ISA barred lists) of individuals who are unsuitable for working with:</p> <ul style="list-style-type: none"> • children • adults <p>From the above it is clear that it is inappropriate to check celebrity visitors to wards as they are not caring for, supervising or being in sole charge of patients.</p> <p>Celebrity visitor will be accompanied whilst visiting patients by security or senior staff</p> <p>What does the Trust currently have in place to CRB check (or similar) visitors to its sites sanctioned by those sites. i.e. 'celebrity' visitors to wards. Response – As above it is not appropriate to carry out such checks</p> <p>If possible, this information to be broken down into areas, i.e. children's ward, geriatric wards. Response – N/A</p> <p>How many such visits 'celebrity' (entertainers, actors, sports stars etc) took place over the past 3 years? Response - We do not maintain a central register of visits. The only known recent celebrity visitor, in 2013, was an actor who formally opened the James Sparks Memorial Garden adjacent to the Children's Ward. They were accompanied at all times by a member of staff.</p> <p>Were visitors CRB checked in advance? Response – N/A</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI14 243	Please provide the following information:

	<p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>1. the numbers (and percentage) of doctors and nursing staff in the employment of the trust who are known to have dyslexia; Response- To ascertain this information would involve a manual examination of personnel records which constitutes personal data as defined within the Data Protection Act 1998 and is therefore exempt under s.40 (2) of the Freedom of Information Act 2000.</p> <p>2. a description of the range of 'adaptations' that the trust can make to accommodate clinical staff with dyslexia; Response- Bespoke support sessions have been carried out in Development and Training for individuals.</p> <p>3. name and sight of any policy that describes the support responsibilities of the trust for members of clinical staff with specific learning disabilities, and Response- It is up to the individual to request support for dyslexia/learning disabilities. Members of staff are directed to Occupational Health in the first instance for support if they consider themselves to have a disability, but there is nothing that specifically mentions dyslexia within the policy.</p> <p>4. name and sight of any policy that describes the support responsibilities of the trust for members of clinical staff with dyslexia. Response- As above.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI14 244	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold</p>

	<p>information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <ol style="list-style-type: none"> 1. Chief Information Officer or closest title / post in the Trust 2. Head of Procurement or closest title / post in the Trust 3. Head of Medical Records or closest title / post in the Trust <p>This request is for the present time, i.e. those individuals who are in post at the date of receipt of this Fol request Response – Names of staff constitute personal data as defined within the Data Protection Act 1998 and are therefore exempt under s.40 (2) of the Freedom of Information Act 2000. However we can confirm that the head of procurement sits within the remit of the Executive Director of Finance. The head of IM&T sits within the remit of the Executive Director of Strategy and Commercial Development. The head of medical records sits within the remit of the Executive Director of Nursing and Workforce. If you require information prior to this date please contact the Department of Health.</p> <ul style="list-style-type: none"> * Please provide a full breakdown of the finance division structure with names and job titles, i.e an organisation structure. * Who is the VAT lead within the finance division? * Details of the named management accountant(s) for each division? * Who is responsible for temporary staffing cost savings? <p>Response- Names of staff constitute personal data as defined within the Data Protection Act 1998 and is therefore exempt under s.40 (2) of the Freedom of Information Act 2000. However, for information, please find the current structure chart with job titles for the finance department. Temporary staffing cost savings are the responsibility of the individual budget managers who are using temporary staff.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
<p>FOI14 248</p>	<p>Please provide the following information:</p>

	<p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>Please can you tell me how many people were admitted to hospital in the past three years with injuries inflicted by exotic pets/animals.- ie. Snakes, terrapins, scorpions, tarantulas, big cats, wolves, skunks, foxes. Can I please have a list of the animals in question for each year. For example 31 snake, 4 skunk, 10 fox etc.</p> <p>Response – From 1/4/12 - Snake = 0 Venomous Spiders = 0 Scorpions = 0 Marine Mammals = 0 Other Mammals = 0</p> <p>Please note that this response does not constitute as consent for direct marketing.</p>
FOI14 249	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>1. Please supply structure of your Clinical Coding Dept Response – Please see attached Clinical Coding Structure</p> <p>2. How many FCE's per year do you have? Response – Total number of FCE's for SMHI (Isle of Wight NHS Trust)</p> <p>2012/13 – 30,016 2013/14 – 29,351</p>

Total number of FCE's for EMH (Earl Mountbatten Hospice)

2012/13 – 300 2013/14 - 328

3. How many Coders do you employ broken down into Bandings (If not detailed in 1 above)

Response –

Supplied within structure

4. Do you code totally from the full Medical Record or an EPR?

Response –

Not exclusively, discharge summaries are utilised in conjunction in most scenarios.

5. How many separate systems are used to contribute to the Coding process by system e.g. Radiology systems, Laboratory systems?

Response – Radiology, pathology system, scorpio for endoscopy data, theatreman, Symphony for A&E data, ISIS our developing EPR. Are all used to inform and assist the coding process

6. Who by and how are mortality reviews undertaken within your Trust?

Response – Internal Mortality reviews are undertaken ad-hoc by the clinical Coding Manager utilising Dr Foster analysis tools. They will also be undertaken by the clinical teams and reviewed at the M&M meetings

7. Do you have a qualified Clinical Coding Trainer or Clinical Coding Auditor?

Response – No

8. Do you have an encoder?

Response – No

9. Is the Clinical Coding Dept a centralised function?

Response – Yes

	<p>10. Do the Coders visit wards to gather the coding information? Response – Yes for some ward areas</p> <p>11. Are your Coders speciality specific Response – No</p> <p>12. Do you have Coding runner/porters that support note delivery to the Coding Team Response – Admin support undertakes some of this function, porters and internal post facilitate.</p> <p>13. Please supply a copy of your last PbR Coding Audit Response – This information is exempt under s.22 of the Freedom of Information Act 2000 as it is intended for future publication on following website: http://www.audit-commission.gov.uk/</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI14 250	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>1. Please provide the name, job title and email address for the Infrastructure lead for the Trust. (This is likely to be designated Head of Infrastructure, Head of ICT Services or similar) Response – Names of staff constitute personal data as defined within the Data Protection Act 1998 and is therefore exempt under s.40 (2) of the Freedom of Information Act 2000.</p> <p>2. Is the person above agreeable to a short follow up telephone interview or face to face visit around this topic? If yes, please additionally provide telephone contact details. Response – This is not a request for information.</p>

3. Is your Trust currently running any Cloud based services (yes/no)
If yes, please provide brief details of the nature of the projects and what Cloud platform is being used (vendor and/or type, e.g. Private, Hybrid, Public).

Response – No

4. Is your Trust considering undertaking any Cloud based projects or initiatives within (0 – 3 months, 6 – 12 months, 1 – 3 years) (yes/no)
If yes, please provide brief details of the nature of the projects and what Cloud platform is being used (vendor and/or type, e.g. Private, Hybrid, Public).

Response – Yes, Theatres Stock Ordering System. Private Cloud

5. If you have, or are considering Cloud adoption, what are the primary drivers for this?

Response – We are not considering this

6. If you have considered using Public Cloud services and rejected please state primary reasons for rejection, e.g. cost, complexity, training, security, governance.

Response – Cost and data security

7. Would you consider yourself to have a good understanding of Private Cloud offerings and benefits to your Trust? (Grade 0-9 with 0 being no knowledge and 9 being extensive understanding)

Response – This is not a request for information.

8. Do you feel that there is a skills shortage generally with regard to Cloud knowledge and training within the NHS? (possibly yes/probably yes/yes/not sure/no/probably no/possibly no)

Response – As above.

9. Do you feel that there needs to be significant investment in supporting Cloud knowledge and training within the NHS? (possibly yes/probably yes/yes/not sure/no/probably no/possibly no)

Response – Please see response to question 7.

10. Does there need to be additional central support and direction for Cloud adoption within the NHS (possibly yes/probably yes/yes/not sure/no/probably no/possibly no)

	<p>Response – Please see response to question 7.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>

Health.

For the years 2011, 2012, 2013 and to date in 2014 please provide the following information:

1. How many drugs went missing each year and what the annual cost was to the trust with regards to the unaccounted for medication/drugs.

Response – unknown at ward level as there is not an inventory system that accounts for every issue yet. We are installing automation to rectify this thanks to the NHS TechFund. See attached for pharmacy loss adjustments for the period April 2012 to date, this only shows negative adjustments as requested, there are positive adjustments in response to ongoing stock taking process. None of these adjustments were suspect losses, we have not had any losses requiring investigation.

2. Please detail the types and categories of all drugs that went missing for each year and specify the amount/volume for each category/type.

Response – not possible for wards. Please see answer to 1

3. Please list for each year, when each drug went missing, whether it was subsequently found, how it is thought to have gone missing (eg lost or stolen), from what hospital it went missing or was stolen from, what action was taken (eg police informed, trust inquiry) and who the perpetrator was (eg staff member, patient or member of the public).

Response –

Single site centralised service. Report shows details of stock adjustments. None were suspicious.

4. Please supply copies of any reports or incident logs referencing the missing drugs in each year and any alerts to staff members about the missing or stolen drugs.

Response – none to report

5. Please provide details of any suspected breaches of security or break-ins to drug stores during each year specified in this request (2011, 2012, 2013, and to date in 2014). Please include details of the number of incidents, when they took place and whether anything was stolen.

Response – none recorded

Please note that this response does not constitute as consent for direct marketing.

	A copy of this response will be published on the Trust website.
FOI14 256	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>I would like to request the following breakdown of the hardware maintenance and costs:</p> <p>A list of the models of the physical servers, storage devices, tape libraries, network switches and routers under support contracts; as well as the cost and duration of said contracts, with start and end dates and service level associated with the equipment. Could you also supply the names of the suppliers of aforementioned support services?</p> <p>Response – This information is exempt under s.12 of the Freedom of information Act 2000 as it would take over 18 hours to complete.</p> <p>I would also request the name of the person/s in your organisation responsible for the maintenance support contracts.</p> <p>Response – Names of staff constitute personal data as defined within the Data Protection Act 1998 and are therefore exempt under s.40 (2) of the Freedom of Information Act 2000.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>

FOI14 262

Please provide the following information:

Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.

I am writing to make a request under the Freedom of Information Act for details of bed capacity in hospital in-patient wards.

More specifically:

1. For 2014 so far, please provide the following information for each hospital in-patient ward: the number of days when the wards recorded no bed capacity (no available beds) at any point during the day. Please also provide the dates when this occurred. Please provide the information in spreadsheet (xls or csv) format. An example of a table might be:

HOSPITAL	WARD	NUMBER OF DAYS ZERO BEDS	DATES
Hospital A	A&E	3	January 4, January 7, February 18

2. The same for 2013

3. The same for 2012

4. The same for 2011 -
 5. The same for 2010
Response – This information is exempt under s.12 of the Freedom of Information Act as it would take in excess of 18 hours to complete.

6. For each day of 2014 so far, please provide the following information for each hospital in-patient ward: the maximum bed capacity, the number of beds occupied (at the point of greatest occupancy), the number of beds available (at the point of greatest occupancy). Please provide the information in spreadsheet (xls or csv) form. An example of a table might be:

DATE	HOSPITAL	WARD	CAPACITY	OCCUPIED	FREE
Jan 1 2014	Hospital A	A&E	100	95	5

7. The same for 2013
 8. The same for 2012
 9. The same for 2011
 10. The same for 2010
Response – This information is exempt under s.12 of the Freedom of Information Act as it would take in excess of 18 hours to complete.

Please note that this response does not constitute as consent for direct marketing.

A copy of this response will be published on the Trust website.

FOI14 266

Please provide the following information:

Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.

Please supply the following information:

1. The number of patients in your trust who required an nasogastric feeding tube during the past three years and why

Response – To ascertain this information would require a manual examination of patient’s health records and this would constitute personal data as defined within the Data Protection Act 1998. This is therefore exempt under s.40 (2) of the Freedom of Information Act 2000.

2. The number of patients in your trust who required a retaining or restraining device to secure an nasogastric feeding tube during the past three years and why

Response – Please see response to question 1.

3. The reason why a retaining or restraining device was required eg what type of patient was it – Stroke, neurological etc and what was the reason they required the device

Response – Please see response to question 1.

4. The type of device used: nasal bullring, nasal bridle, Statlock nasal plaster, mittens, hand bandages, other?

Response – Please see response to question 1.

5. Any reported adverse effects as a result of using any of the above – please least which consequence, if any, arose from which device?

Response – Please see response to question 1.

6. In the past three years have you stopped using any of the devices (nasal bullring, nasal bridle, Statlock nasal plaster or mittens? If so, why?

Response – Please see response to question 1.

7. Cost savings, if any, as a result of using any of the above devices in the past three years compared to previously

Response – Please see response to question 1.

8. Any record of improved patient outcomes as a result of using any of the above devices

Response – Please see response to question 1.

	<p>9. Any records you have of nurses being reluctant to use these devices. Response – Please see response to question 1.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI14 267	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>Could you tell me if the trust has migrated away from Windows XP yet? Response – No not completely, a phased migration is currently underway.</p> <p>If not:</p> <p>How many devices does it have running Windows XP? Response – 2137</p> <p>And has it put a Premier Services Agreement in place with Microsoft to provide security patch downloads in the interim? Response – No, but we have registered a reservation for this service if needed.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI14 270	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold</p>

information prior to this date. If you require information prior to this date please contact the Department of Health.

1) How many employees does your organisation currently have?

Response – 3,087

2) Who supplies your multifunctional devices (main printer fleet)?

Response – Xerox Ltd, Bridge House, Oxford Rd, Uxbridge, Middlesex, UB8 1HS

3) How many devices do they supply?

Response – The implementation of the Xerox Multi functional devices is currently underway. The Trust is also rationalising some of the fleet during the implementation phase. It is expected that the final number of devices will be approximately up to 100.

4) What BRAND device/s do they supply (Canon, Ricoh, Xerox, Kyocera, Dell, Samsung, HP, Epson, Toshiba, Konica Minolta, ect)?

Response – Xerox

5) Do they also supply print management software?

Response – The Trust has not procured this option, but reserves the right to.

6) Do they also supply any additional scanning software?

Response – As the equipment supplied is multi functional, this includes scanning facilities.

7) When does the contract for your print fleet expire?

Response – The contract duration is up to 5 years from the completion of the implementation phase of the multi functional device fleet.

8) What PDF solutions do you pay for (not free readers like Adobe)?

Response – None

9) What Document Management/Document Repository/s do you use within the organisation?

	<p>What EPR/HER (electronic patient/health record system) do you have in place or are putting in place? Response – Q-Pulse and Meditech, both customised software. ISIS is our EPR solution, built using the e-carelogic product from CGI.</p> <p>10) Who is the contact within the organisation responsible for the print fleet? Response – Names of staff constitute personal data as defined within the Data Protection Act 1998 and are therefore exempt under s.40 (2) of the Freedom of Information Act 2000.</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI14 271	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>1. Do you have a policy on seeking consent for organ transplantation? If so, can you provide me with a copy? Response – Yes – please see attached.</p> <p>2. The National Blood and Transplant Service provides the following frequently asked question and answer on its website: <input type="checkbox"/> <u>43. What will happen if my relatives object?</u> <i>We know that in most cases families will agree to donation if they knew that was their loved one's wish. If the family, or those closest to the person who has died, object to the donation when the person who has died has given their explicit permission, either by telling relatives, close friends or clinical staff, or by carrying a donor card or registering their wishes on the NHS Organ Donor Register, healthcare professionals will discuss the matter sensitively with them. They will be encouraged to accept the dead person's wishes and it will be made clear that they do not have the legal right to veto or overrule those wishes. There may, nevertheless, be cases where it would be inappropriate for donation to go ahead.</i></p>

	<p>Can you provide information about how often in your trust in the last 5 years, that the objections of relatives have led to a decision not to take organs which would otherwise have been suitable for transplantation?</p> <p>Response – To ascertain this information would require a manual examination of patient’s health records and this would constitute personal data as defined within the Data Protection Act 1998. This is therefore exempt under s.40 (2) of the Freedom of Information Act 2000.</p> <p>However as a small unit we have a visiting Specialist Nurse for Organ Donation as part of the National Blood and Transplant service – This nurse undertakes audit for national purposes – the output of these audits is available on the NHS Blood and Transplant service website on the following link - http://www.odt.nhs.uk/odt/potential-donor-audit/</p> <p>3. Do you collect and keep information about the incidence in your trust of relatives’ refusals and decisions not to take organs for donation?</p> <p>Response – Please see response given under number 2</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI14 278	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>1. How many patient-facing staff within your Trust have been physically and/or verbally abused by the public - specifically in A&E units and Urgent Care Centres - in the last 3 measurable years?</p> <p>Response – For the period 1.4.12 – 30.6.14 there were 114 reported incidents of verbal abuse/threat or physical assault reported within A & E</p> <p>2. Please provide me with either a breakdown or a list of the type of patient-facing staff affected? E.g. Doctors,</p>

	<p>nurses, receptionists, security staff, cleaners etc.</p> <p>Response – Unfortunately we do not collect this data</p> <p>3. Please provide me with a breakdown of incident type or the top 5 most common occurrences</p> <p>Response –</p> <p>Incident type as below:- 4 incidents resulted in “injury/harm caused from Physical Assault” 2 incidents resulting in “no injury” 108 incidents resulting in “verbal abuse/threat”</p> <p>Please note that this response does not constitute as consent for direct marketing.</p>
FOI14 279	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>1) How many HCPC registered Paramedics did you employ on the 1st April 2014?</p> <p>Response – 58 – this is the total number, which includes Senior Managers, and Clinical Support Staff</p> <p>2) How many non-HCPC registered A&E staff (e.g. Technicians / Emergency Care Support Workers) did you employ on the 1st April 2014?</p> <p>Response – 32</p> <p>3) How many HCPC registered Paramedics, who are fully qualified extended skilled Paramedics (to your standards) working mainly to avoid A&E admission, did you employ on the 1st April 2014? (These staff are often referred to as Emergency Care Practitioners, Urgent Care Practitioners, Paramedic Practitioners, Community Paramedics, amongst other names.)</p> <p>Response –</p>

	<p>13</p> <p>4) How many HCPC / NMC registered professionals (who are not Paramedics) did you employ on the 1st April 2014, who undertake the same role as those Paramedics described in question 3?</p> <p>Response – 0</p> <p>5) How many HCPC registered Paramedics, were, as of 1st April 2014, employed by you, but currently undergoing training / education / placement to become an extended skilled paramedic as described in question 3?</p> <p>Response – 0</p> <p>6) How many of the extended skilled paramedics described in question 3, left your employ, and / or reduced their hours working for you, during the period 1st April 2013 to 31st March 2014?</p> <p>Response – 0</p> <p>Please note that this response does not constitute as consent for direct marketing.</p> <p>A copy of this response will be published on the Trust website.</p>
FOI14 280	<p>Please provide the following information:</p> <p>Please note the Isle of Wight NHS Trust came into existence on the 1.4.12 therefore we do not hold information prior to this date. If you require information prior to this date please contact the Department of Health.</p> <p>1. Does your trust currently directly employ a learning disability liaison nurse(s)? Response – Yes</p> <p>2. If you have directly employed one or more learning disability liaison nurses in the last five years, how many have you employed and what bands/levels are they? Please provide this information for 2010, 2011, 2012, 2013, and 2014.</p>

Response – One learning disability liaison nurse is employed within the isle of Wight NHS Trust. The post is Band 6 and they have been employed since December 2011.

3. If you currently directly employ a learning disability liaison nurse or nurses, how many hours each day does each hospital in your trust have a learning disability liaison nurse on site? Please specify the hospital and the hours. If no set timetable is available, please provide approximate times.

Response – The learning disability nurse is based within the Memory Service at St Marys Hospital and works 37.5hrs per week. The usual hours covered are 0800 – 1600 Monday - Friday.

4. Do you currently directly employ a consultant learning disability nurse? If not, do you have any plans to employ one in the future?

Response – No

5. If you do not currently directly employ a learning disability liaison nurse, do you have any plans in place to employ one in the future?

Response – N/A

6. Does your trust currently host an acute liaison nurse(s) who may be employed by specialist learning disability services?

Response – The learning disability liaison nurse is employed by the IOW NHS Trust and not hosted.

7. If you have hosted one or more learning disability liaison nurses in the last five years, how many have you employed and what bands/levels are they? Please provide this information for 2010, 2011, 2012, 2013, and 2014.

Response – N/A

8. If you currently host a learning disability liaison nurse or nurses, how many hours each day does each hospital in your trust have a learning disability liaison nurse on site? Please specify the hospital and the hours. If no set timetable is available, please provide approximate times.

Response – N/A

9. If you do not currently employ or host a learning disability liaison nurse, do you have any plans in place to employ or host one in the future?

Response – N/A
